Dear Resident of the Hills Conservation Area

AGM and Open Forum and Talk – Thursday 29th May at The Gardeners' Arms, 7.30pm

As the organisation working to ensure that Conservation Area remains a desirable place for us all to live,The Hills Amenity Society invites you to attend the AGM followed by a talk entitled 'Why Trees Matter' given by Tricia Moxey.

Subscriptions now due – please pay promptly

Spring is also the time when we encourage all residents to contribute the £4 subscription which enables us to monitor plans, organise meetings for residents, maintain the Neighbourhood Watch programme, produce and distribute regular newsletters, retain important links with the district and town councils and the local police. It is also helping to fund the Character Appraisal work we are doing on behalf of the community as a whole. We do urge you to make your contribution by way of the tear-off slip and returning this with cash or cheque to me in the addressed envelope provided.

Do please also consider whether you would like to join our committee and assist with the work we do on behalf of all the 570 homes in and linked to the conservation areas.

I hope to see you at the AGM on 29th May

Peter Wynn
Hills Amenity Society Treasurer

I/we enclose our subscription of £4 for membership of the Hills Amenity Society for the year May 2014-April 2015.
